USAID GDA POINTS OF CONTACT IN WASHINGTON BUREAUS AND HOST COUNTRIES

To submit a concept paper or a proposal, please speak with a person at the USAID mission and/or Washington operating unit by phone, email, letter or in person. The mission and/or Washington operating unit will inform you as to whether or not your idea is appropriate to the country, of interest to the mission, and aligned with USAID goals in the country. Below is a list of USAID mission contacts and their email addresses.

If you are unsure of the appropriate contact at a USAID mission or Washington operating unit, please contact Stefany Mullinnix at (202) 712-0600 or smullinnix@usaid.gov.

		<p>Proposals should reflect clear linkages to new regional strategy for Jamaica and the Caribbean Regional Program (CRP), which is placing a strong emphasis on alliances and private/public partnerships.</p> <p>USAID's Jamaica program focuses on five developmental areas, with cross-cutting themes of youth, crime reduction and citizen participation:</p> <ul style="list-style-type: none"> • Enhancing the business environment, with increased trade competitiveness in target industries or clusters – agriculture, tourism, entertainment • Managing the environment and natural resources for rural development and sustainable economic growth • Promoting healthy lifestyles, particularly among youth; • Advancing education opportunities of primary school children and 'at risk' youth; • Enhancing democracy and governance, combating corruption and improving accountability and citizen security and participation <p>The CRP program focuses on the Eastern Caribbean (English speaking) islands, with new bi-lateral programs in Dominica and Antigua. The two main challenges are to help the region compete in open markets and to control HIV/AIDS (the latter, by expanding access to prevention and treatment, improving availability and use of accurate and reliable information and targeting prevention activities to most at risk populations).</p>
